Professional Summary

I've been in the garment and promotional product business going on 5 years now. Started in October of 2018 managing the apparel print shop in DTLA. Over the course of this endeavor I've been trusted with both the operation and maintenance of the brother GTX direct to garment printer as well as the Melco Bravo embroidery machine. I've gained experience dealing with clients' graphic needs concerning both creation and manipulation. I can take an idea from concept to production and completion.

Work Experience
